

Living at USC:

Upperclassmen & Graduate Students

Living Options

Life in USC Housing

USC strives to provide its students with a pleasant living environment that includes features and services not always available elsewhere. Living in USC housing will be a whole new experience. Beyond simply being a place to stay, university housing offers a community of roommates, neighbors, and faculty and staff members, as well as events, activities and programs that will complement your academic endeavors.

Choices

Although most housing directly on campus is reserved for our incoming freshman class, we offer 35 housing facilities for upperclassmen and graduate students in the adjacent North University Park neighborhood. (Freshman housing is covered in our companion brochure, *Living at USC: Freshmen-Year Students 2021-2022*.) USC housing features a variety of buildings, floor plans, locations and living arrangements. Our goal is to give our residents options that fit their housing needs. We have something for just about every resident.

Value

We offer a variety of living arrangements to accommodate individual needs and budgets. Housing contracts for undergraduates cover the nine-month academic year rather than the 12-month calendar year, so residents are not required to pay rent for the summer. (Housing is available, however, for those who plan to stay for the summer.) Full-year contracts are available to graduate students living in certain buildings.

All university housing units are furnished and include free cable TV and Internet connections, both Ethernet and WiFi. Gas, water and electricity are included in the rent for all buildings.

USC Housing Staff

One of the advantages of living in university housing is the ability to call on trained, full-time staff to help with maintenance issues, check-in and check-out, room assignment questions, and other day-to-day concerns. USC Housing has 13 Customer Service Centers (CSCs) to assist residents. For a complete listing of CSCs and the buildings each serves, please see page 33.

Safety and Security

To help ensure residents' safety, all USC Housing facilities use either a biometric or an electronic entry monitoring system. Student ID cards function as electronic keys, allowing residents entry to their building or apartment complex and parking facilities. USC's Department of Public Safety (DPS) works to maintain a secure environment for the university by patrolling both on and around campus 24 hours a day, seven days a week. Additionally, nearly 300 emergency telephones with direct lines to DPS are located strategically around campus.

All students are also encouraged to download the Trojan Mobile Safety App (LiveSafe), which provides immediate access to DPS and a "Safewalk" feature for when you have to walk somewhere alone.

For more information, please visit www.usc.edu/mobilesafety.

Roommates

Most of our housing is shared—if you are an undergraduate, you will very likely have one or more roommates. Who you live with can be as important as where you live. Living with new people is an opportunity to learn from others and share experiences.

If you would like to live with a fellow USC student who has already applied, you can request that person by following the roommate procedures outlined in the "Application and Assignment" section of this brochure.

Most new students do not have a specific roommate in mind when they apply. However, our roommate-matching process will help you search for and request potential roommates based on your profile information, including gender, building and personal preferences. For more information about roommate selection, refer to page 29.

Gender-inclusive housing is offered based on space availability. To be considered, contact the Division of Student Affairs for more information and a supplemental application at studentaffairs.usc.edu.

Programs and Activities

Student life at USC is filled with opportunities for entertainment, socializing and education outside the classroom. Movies, lectures, concerts and sporting events are all a part of daily life at USC. This is especially true for students who live in university housing, where the onsite Residential Education staff organizes events and outings in addition to providing support and counseling. Composed of current university housing residents, the Residential Housing Association (RHA) promotes interaction and personal growth through student advocacy and community service programs.

Smoke-Free Environment Policy

Smoking of any substance in any manner is prohibited both in and around any university-owned housing facility without exception.

Maintenance

USC Housing takes pride in maintaining the safety and livability of our facilities. Along with quick responses to everyday maintenance concerns, we invest in our buildings through periodic upgrades and renovations.

We also emphasize sustainability and the environment in our choices of products and supplies, and we run a recycling program in all our buildings.

Special Interest Housing

Located throughout university housing facilities, special interest (SI) communities bring together students with shared cultural, career or academic interests. Although the majority of these programs are located in our freshman buildings and are not open to upperclassmen, undergraduate students may be interested in one of the following communities:

Annenberg Communications: An immersive program for communication and journalism majors.

Rainbow Community: Located in Century Apartments, this special interest residential community provides support, education and advocacy opportunities for lesbian, gay, bisexual, transgender, queer and ally (LGBTQ+) students.

Sustainable Living: A community for undergraduate students committed to reducing their impact on the environment.

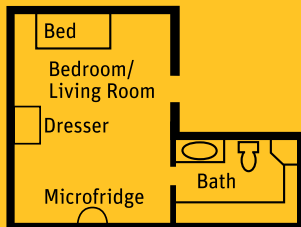

Visit the Residential Education website at resed.usc.edu for complete information about SI communities and residential colleges.

Housing Accommodations

USC Housing offers a wide variety of floor plans. The diagrams below illustrate typical configurations, though actual layouts and dimensions vary among different buildings that share the same basic floor plans.

TWO-BEDROOM APARTMENT

Occupancy: 4 or 5

This floor plan includes a living room, two bedrooms, a bathroom and a full kitchen with a stove and refrigerator.

Students with Disabilities

The office for Disability Services and Programs (DSP) facilitates disabled students' full participation at USC. To be eligible for special housing consideration, students must register with, and be approved by, DSP as well as complete a housing application. Please contact DSP and USC Housing as early as possible if you have such needs.

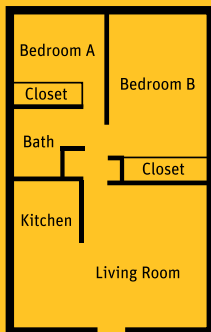

Housing for students with disabilities is available in several locations, accommodating different levels of access. Because of the high demand and limited supply of this housing, USC cannot guarantee assignment to a specific building or room type. DSP works closely with USC Housing to assign students with special needs to appropriate accommodations, based on availability and DSP's recommendations.

More individualized plans and photos for each building can be found on our website: housing.usc.edu

Furnishings

All university housing facilities come with basic furniture (beds, chairs, tables, etc.) appropriate to the room type. Apartments with living rooms are furnished with a couch, armchair, coffee table and in some cases, end tables. All apartments with full kitchens are equipped with a sink, stove and full-sized refrigerator (no microwave or other appliances) and include a dining table and chairs.

Every resident in university-owned housing is provided with:

- One twin bed (extra long, 36"x 80") or full bed (extra long 54" x 80").
- One desk with chair.
- One three-drawer dresser.

Items to Bring to Campus

DO

Bring with you:

- Towels
- Blankets
- Bedspread or comforter
- Sheets
- Pillows & pillowcases
- Computer
- Mobile phone
- Desk lamp
- Alarm clock
- Toiletries
- Hangers
- Decorations
- Fan
- TV
(Housing cable service is digital, so your TV must be digital-ready.)

If your housing assignment includes a kitchen you will also need to bring:

- Dishes
- Glasses
- Cooking & eating utensils
- Pots & pans
- Microwave
- Small kitchen appliances
(Or you can wait to coordinate your kitchen needs with your roommate[s].)

Don't

Please leave the following at home:

Pets

Students are not permitted to have dogs, cats or other pets in USC housing. The only exception is fish in a 10-gallon (or smaller) tank. Residents found with a pet will be charged a substantial clean-up and re-carpeting fee and documented for violating university policy.

Air Conditioners

If your housing unit does not have air conditioning, you may not install a unit yourself. This is considered a "physical alteration" of the room or apartment, which is prohibited by your contract for safety and security reasons. If you need an air-conditioned room, please select one of our many facilities with air conditioning when you fill out your housing application.

DISH/Satellite TV Antennas

Installation of these devices is a "physical alteration" of the building and/or the room or apartment, which is not allowed for safety and security reasons. Remember: All housing facilities come with cable TV service.

Living in Residential Colleges

Residential colleges for upperclassmen are a continuation of the freshman residential college experience and create further opportunity for connection to faculty and peers. As in all of USC Housing, residents have Resident Assistants who focus on building community, planning activities and offering support. To further enhance the residential experience, the Faculty in Residence draw from their expertise and interests to orchestrate events and trips around Los Angeles that cater to the specific theme of the residential college. Students will find continued leadership opportunities by becoming members of their community council or through the Residential Housing Association (RHA).

Residential College Themes

Bohnett Residential College

Focus: Social Action through Entrepreneurship
Residents engage with and seek innovative solutions for a broad range of social issues facing the world today.

Cale Residential College

Focus: Global Perspectives
Residents build intercultural competency and participate in critical dialogue regarding the ever-changing global landscape.

Cowlings Residential College

Focus: Arts and Cultures
Residents of Cowlings awaken their inner cultural explorer by being surrounded by a wealth of experiences that enrich their learning about the arts and cultures, especially as they relate to USC and the city of Los Angeles.

Ilium Residential College

Focus: Sophomore Honors Housing
Building on the experience honors students had during their freshman year in McCarthy, Ilium is a vibrant, tight-knit community of scholars who share a commitment to rigorous intellectual and academic achievement.

Irani Residential College

Focus: Performance Science
Performance science looks at the confluence of mind, body and business. Students in this residential college explore their untapped potential and learn how to break down barriers inhibiting leadership, decision-making, resilience or creative potential.

McMorrow Residential College

Focus: Innovation and Design
McMorrow aspires to support the interests and passions of students in the areas of technology, science and design. This community encourages the pursuit of solutions to global challenges through creativity, innovation and novelty.

Nemirovsky Residential College

Focus: Sustainability
Nemirovsky is an interdisciplinary society of students who are dedicated to building awareness around the principles of environmental, social and economic sustainability through green living practices, educational activities and societal engagement.

Parkside International Residential College

Focus: Global Issues
Parkside International Residential College serves as a campus focal point for discussing global issues and learning about international cultures.

West Residential College

Focus: Wellness
Residential Faculty focus on different aspects of holistic wellness and hope to create all-encompassing programming around these initiatives.

For more about residential college engagement, visit the Residential Education website at resed.usc.edu or call at (213) 740-2080.

Trojan Voices

“The campus is like a small town, with so many different academic disciplines, special interest groups, athletic teams, clubs, and many others. Not only that, but people from all over America and the world come here to pursue their dreams. We all support each other.”

NINA CEKLIC, CALGARY, ALBERTA, CANADA

Housing for Continuing and Transferring Undergraduates

Transfer students and continuing upperclassmen are eligible for a variety of housing options, including residential colleges and university-owned apartments. At USC, "transfers" are new incoming students with college credits, whereas "continuing upperclassmen" are students who have already earned credits at USC for at least one semester but did not participate in the returning resident housing assignment process.

Much of our undergraduate housing is filled by current USC housing residents who are returning for another year. Unlike new first-year freshmen, transferring undergraduates are not guaranteed a housing assignment.

Choices for Undergrads

Most undergraduates live in apartments in the North University Park area adjacent to the main USC campus. The proximity of these buildings to the center of campus enables residents to participate in the many activities the university provides.

Eleven housing facilities offer approximately 3,800 bed spaces and provide our students with a range of floor plans, locations and rents from which to choose. Undergraduates are primarily assigned to shared apartments. These include one- and two-bedroom units in larger apartment facilities, such as Cardinal Gardens, a complex of nine townhouse-style buildings, or Century Apartments.

Located directly on campus, Webb Tower and Parkside provide a mix of studio and one- or two-bedroom plans. The four large residential colleges in the USC Village offer a wide variety of one- to three-bedroom apartments.

Apartment Living

Larger living areas, private bathrooms and kitchens are key features of our apartment units. Residents can lead more independent lifestyles by preparing their own meals (although they may sign up for meal plans if they wish) and having more personal space for study and relaxation. Many apartment buildings offer amenities such as onsite recreational facilities and air conditioning. Nearly all undergraduate housing is either directly on or adjacent to the main campus. Some buildings have onsite parking in garages or adjacent lots.

All undergraduate apartment facilities have live-in Residential Education staff who arrange for outings and other activities. Eight Customer Service Centers serve undergraduate buildings, so residents do not have to go far to put in a maintenance work order or meet with a Customer Service Representative.

90	Three-bedroom w/ dble bath	3B6P-DB	Six-person	\$5,645/Sem

The first floor of Cale and Irani Residential College is devoted to common areas including the USC Village 30,000-square-foot, state-of-the-art fitness center; a spacious, secure room for bicycle, skateboard and electric scooter parking; the FedEx Mail Center; and the building's Customer Service Center. The two gorgeous courtyards on the second floor offer great places to gather with friends or study.

The selection of room types is extensive: There's a floor plan and rent rate to meet nearly every student's needs. The small, two-bedroom and two-bedroom loft-style types are designed for efficiency and do not have a living room. In place of full kitchens, their kitchenettes include a sink, oven and four-burner range, and each bedroom has a small microwave oven and a refrigerator. All apartments are fully furnished and have central air conditioning.

Residents have a mandatory partial meal plan that can be used at the USC Village Dining Hall, as well as other outlets. Students living here may apply for a parking permit from USC Transportation for the USC Shrine Structure on Jefferson Boulevard.

This building has two residential college programs. See page 9 for the themes and details.

114	Three-bedroom w/ dble bath	3B6P-DB	Six-person	\$5,645/Sem

The Cowlings and Ilium Residential College houses more than 700 undergraduates and is home to Trader Joe's specialty grocery and Target stores, a CorePower Yoga Studio and the USC Village's Department of Public Safety station. The two expansive courtyards on the second floor are great places to relax in the sun, gather with friends and study. The building has a large secure bicycle, skateboard and scooter parking room. The selection of room types is extensive: there are six different two-bedroom plans alone, each accommodating two to four residents and ranging from the compact (and economical) loft format to the larger model with two bathrooms. The small two-bedroom and two-bedroom loft-style apartments are designed for efficiency and do not include living rooms. In place of full kitchens, their kitchenettes include a sink, oven and four-burner range, and each bedroom has a small microwave oven and medium-sized refrigerator. All apartments are fully furnished and air-conditioned.

Residents have a required partial meal plan that can be used at the USC Village residential dining hall and other USC Hospitality venues. Residents may apply for a parking permit for the USC Shrine Structure located on Jefferson Boulevard.

This building has two residential colleges. Theme and details of each program are on page 9.

McMorrow Residential College

MCMORROW RESIDENTIAL COLLEGE (UVV)(MRC) 835 West Jefferson Blvd., Los Angeles, CA 90089

2021-2022				
Spaces	Room Type	Room Code	Occupancy	Rate/Person

18	Three-bedroom w/dble bath	3B6P-DB	Six-person	\$5,645/Sem

Located directly across Jefferson Boulevard from campus, McMorrow is convenient to classes, libraries and dining. Residents have access to all the recreational and educational opportunities the USC Village provides. A large, second-floor outdoor patio deck overlooking the plaza is a great place for visiting with friends or just people-watching while enjoying a coffee from the ground-floor Starbucks just across the paseo.

The five-story building provides a varied selection of apartment types, offering configurations to accommodate most price points and roommate groups. The small, two-bedroom and two-bedroom loft-style apartments are designed for efficiency and do not include living rooms. In place of full kitchens, their kitchenettes include a sink, oven and four-burner range, and each bedroom has a small microwave oven and medium-sized refrigerator. All apartments are fully furnished and air-conditioned.

All residents have a required partial meal plan that can be used at the USC Village residential dining hall, as well as other USC Hospitality eateries. Students living here may apply for a parking permit for the USC Shrine Structure located about a block and a half east between 32nd Street and Jefferson Boulevard.

This building is a themed residential college. See page 9 for theme and details.

42	Three-bedroom w/ dble bath	3B6P-DB	Six-person	\$5,645/Sem

This five-story building houses more than 300 residents. An outdoor patio deck on the second floor of the Nemirovsky and Bohnett Residential College overlooks the USC Village's main paseo and the statue of Hecuba and provides a great vantage point for observing Village life. A more private outdoor lounge occupies an interior portion of the north wing of the building. The ground floor is devoted to indoor bike, scooter and skateboard parking, retail and dining outlets and the building's Customer Service Center.

The small, two-bedroom and two-bedroom loft-style apartments are designed for efficiency and do not include living rooms. In place of full kitchens, their kitchenettes include a sink, oven and four-burner range, and each bedroom has a small microwave oven and medium-sized refrigerator. 26	Two-bedroom double	2B3P-DBLE	Two-person	\$5,645/Sem
216	Two-bedroom	2B4P	Four-person	\$5,470/Sem

At 14 stories, Webb is USC's tallest housing building, providing many of its residents spectacular views of the city or the campus. Each floor has just eight apartments, fostering tight-knit communities. Its excellent location near the Lyon Recreation Center, as well as its variety of floor plans and attractive interior design, help explain its popularity with undergraduates.

Next door is King Hall, which includes a large Starbucks café, a computer lab and a mixed-use room perfect for study or educational purposes. Although no parking is specifically designated for Webb, students can park in the large university parking structure nearby. All residents have a meal plan that can be used at the USC Village, EVK and Parkside residential dining halls, as well as other campus eateries.

Webb is part of the West Residential College program; see page 9 for more information.

2021-2022

Spaces	Room Type	Room Code	Occupancy	Rate/Person
64	Two-bedroom	2B4P	Four-person	\$5,005/Sem

In partnership with the Annenberg School for Communication and Journalism, Annenberg House provides a common living experience for students majoring in those fields, along with exclusive programming and special events. Some courses and academic advising are held in the adjacent Kerckhoff Hall, a Tudor-style mansion with a large front lawn.

This three-story building offers fully furnished and individually air-conditioned bedrooms and living rooms, a cardio fitness center, a modern study room, and a recreation lounge with an 80-inch flat-screen TV and state-of-the-art AV system for entertainment and presentations. The ground-floor garage offers both car and secured bicycle parking. Undergraduates have a mandatory partial meal plan.

CARDINAL 'N GOLD (CNG) 737 West 30th Street, Los Angeles, CA 90007

2021-2022

Spaces	Room Type	Room Code	Occupancy	Rate/Person
27	One-bedroom	1B2P	Two-person	\$5,095/Sem

USC's Sustainable Living community, two-story Cardinal 'N Gold, is located two blocks north of campus. The building comprises shared one-bedroom apartments with air-conditioned living rooms and bedrooms. The patio, with outdoor seating and a barbecue, provides a place for residents to enjoy the pleasant Southern California weather. Conveniences include a laundry room and parking spaces in a small carport behind the building. Residents are encouraged to live sustainably, with numerous programming and educational events designed to instruct and support their efforts. The furniture is made from recycled steel and reclaimed wood. A solar panel array on the roof partially powers the air conditioning and household electricity. Each unit has a three-bin recycle/compost/landfill system and water- and energy-saving technologies—all aimed at decreasing our collective environmental footprint. Residents have a required partial meal plan.

155	One-bedroom	1B2P	Two-person	\$5,650/Sem
500	Two-bedroom	2B4P	Four-person	\$5,245/Sem

This townhouse-style apartment complex consists of nine individual buildings. The furnished one- and two-bedroom apartments have full kitchens, spacious air-conditioned living rooms with laminate floors and large closets. Located just across Jefferson Boulevard from campus, Cardinal Gardens is convenient to both the Lyon Recreation Center and the amenities of the USC Village. Recreation options include watching the 70-inch TV or playing pool inside the CSC lounge, shooting baskets on the half-court outside, or relaxing on the landscaped patio with seating, dining tables, two barbecues, a fireplace and a water feature. Permitted parking is available in the surface-level lot within the complex's gated perimeter. Residents have a mandatory partial meal plan that can be used at the USC Village residential dining hall, as well as other USC Hospitality locations.

176	Two-bedroom	2B4P-LG	Four-person	\$5,165/Sem

Century is a good choice for students looking for more space and independence. It is convenient to both campus and the USC Village and has a Customer Service Center onsite. The central recreation room features a 70-inch TV, a billiards table, vending machines, and a print station. Every unit comes pre-configured as a loft to maximize space, but the modern adjustable furnishings can be changed to suit students' needs and desires. Much of Century's popularity stems from its outdoor facilities, including a swimming pool with a patio deck and barbecue, basketball and sand volleyball courts, and a large grassy area. All residents have a required partial meal plan that can be used at the USC Village residential dining hall and other locations. Parking permits for the garage and three additional small outdoor lots are available from USC Transportation.

Graduate Student Housing

USC offers approximately 1,500 spaces for graduate students in buildings in the North University Park area. The housing needs of graduate students typically differ from those of undergraduates, so some are single-occupancy studio and one-bedroom apartments that enable students to live and study on their own. We also offer the lower cost option of shared one- and two-bedroom units. Buildings have either a nine-month academic year or a full-year (12-month) contract. Some have special contract dates to fit their school's academic calendar.

Nontraditional undergraduates (students older than the typical 18- to 22-year-old undergraduate) may also be eligible for graduate student housing. Contact USC Housing Services for more information.

Residential Education Programs for Graduate Students and Families

USC's graduate and family housing is geared toward assisting students

in their acclimation to the university, building community with other students, and providing a supportive academic environment. Residential Education staff provide programming that focuses on exploring the city of Los Angeles, networking with other graduate students and living a healthy lifestyle. Resident Assistants living in Family Housing work to create a welcoming environment for students with families. All programs and events planned by the Family Housing RAs are open to everyone who lives in the community.

Graduate Housing Programs

Graduate students in select majors may opt to live in buildings with other students in their course of study. Accommodations vary by building, though most provide residents with the option of their own bedroom.

- **Annenberg** - Communications
- **Centennial** - Occupational therapy, chemistry (first-year students only)
- **Founders** - Gould Graduate and International Program

- **Pacific** - Business
- **Sierra** - Engineering (PhD students only)
- **Terrace** - Law (first-year Juris Doctor students only)
- **Troy Complex** - Graduate students in accounting, arts & letters, cinema, engineering, music, public policy and social work

Housing availability for these programs may be limited.

Family Housing

USC has set aside apartment buildings in the North University Park area just for married students or students with children. Documentation establishing marital or familial status is required. Most are one-bedroom units suitable for couples or families with one child. The larger two-bedroom units are designed for families with two or more children.

Unlike other graduate housing, family units are charged on a per family basis.

CENTENNIAL (CEN)

2390 Portland Street, Los Angeles, CA 90007

2021-2022				
Spaces	Room Type	Room Code	Occupancy	Rate/Person
71	Two-bedroom	2B2P	Two-person	\$1,335/Month

Centennial provides graduate students with the privacy of their own air-conditioned bedroom and the economy of sharing a spacious two-bedroom apartment. Residents can mingle in a roomy first-floor student lounge with study areas and a 70-inch TV or outside in the furnished courtyard patio and barbecue deck. The private fitness room is for the exclusive use of building residents. The ground-floor garage provides secured vehicle and bicycle parking, and the USC bus stop in front of the building offers a convenient way to get to the Health Sciences or University Park campuses. Two of the floors are reserved for the occupational therapy special interest community and one for the chemistry program.

BEL-AIR (BAA)

1124 West 29th Street, Los Angeles, CA 90007

2021-2022				
Spaces	Room Type	Room Code	Occupancy	Rate/Person
8	One-bedroom	1B1P	One family	\$1,395/Month
2	Large one-bedroom	1B1P-LG	One family	\$1,510/Month
2	Two-bedroom	2B1P	One family	\$1,750/Month

Bel-Air offers one- and two-bedroom units for families with children. The building's small size provides a safe, communal atmosphere for our graduate student families. Younger children can enjoy the outdoor play equipment in the central courtyard. The one-bedroom units are a great option for married couples with one child, whereas the two-bedroom units are reserved for students with two or more children. A small carport behind the building provides very limited parking, reserved through USC Transportation. Bel-Air is a block north of the shopping, amenities and recreation offered at the USC Village and a short walk to campus.

FAIRMONT (FMT)

2629 Portland Street, Los Angeles, CA 90007

2021-2022				
Spaces	Room Type	Room Code	Occupancy	Rate/Person
16	Bachelor	BACH	One-person	\$1,105/Month
17	Studio	STU1	One-person	\$1,285/Month
10	One-bedroom	1B2P	Two-person	\$885/Month
12	Two-bedroom	2B4P	Four-person	\$670/Month

Fairmont is a favorite choice for graduate students looking for their own space or those seeking to save money by sharing living quarters. This three-story building, which does not have an elevator, offers a mix of well-appointed, fully furnished apartments, all with living room air conditioning. The studio units have a full kitchen including oven range, refrigerator, kitchen sink and microwave, while the bachelor units have only a kitchenette with a refrigerator and microwave. The deck area, with seating and two built-in barbecue grills, is a great place to relax. A large, modern laundry room is located on the ground floor. Limited parking is available in the building's open carport.

FOUNDERS (FSA)

2610 Portland Street, Los Angeles, CA 90007

2021-2022				
Spaces	Room Type	Room Code	Occupancy	Rate/Person
111	Three-bedroom	3B3P	Three-person	\$1,225/Month
22	Two-bedroom	2B4P	Four-person	\$840/Month

A large, modern building, Founders is the home of the Master of Laws (LLM/MCL) program, designed to meet the needs of international law students by providing them with safe, convenient and economical housing. Two floor plans are offered. In the three-bedroom option, each resident has their own bedroom, along with a shared kitchen, bathroom and bartop dining area. The more economical four-person configuration is similar, but places two students in each of the two bedrooms and includes a small living room. All apartments are fully furnished, with laminate flooring, brightly colored accent walls and air conditioners. Residents can relax on Founders' courtyard sundecks and stay fit in the workout center. Secured bicycle parking can be found in the first-floor courtyards, and there is a ground-level garage for cars. Permits are issued by USC Transportation.

13	One-bedroom	1B1P	One-family	\$1,395/Month
3	Large one-bedroom	1B1P-LG	One-family	\$1,510/Month

These remodeled one-bedroom units are ideal for married couples or families with a single child and include renovated full kitchens and bathrooms in addition to air-conditioned living rooms. The small size of the building provides safe surroundings for our graduate student families. The building's child-friendly courtyard features play equipment and promotes a family atmosphere. Very limited parking is available in the carport behind the building for residents who have purchased a permit from USC Transportation. A small laundry room is conveniently located in the back of the building. Regent is a block north of the shopping, amenities and recreation of the USC Village and just a short walk to campus.

SEVEN GABLES (SGA)

620 West 30th Street, Los Angeles, CA 90007

2021-2022				
Spaces	Room Type	Room Code	Occupancy	Rate/Person
18	Studio	STU1	One-person	\$1,230/Month
2	Two-bedroom w/ dble bath	2B2P-DB	Two-person	\$1,230/Month

Perfect for graduate students looking for the privacy of their own space close to campus and the convenience and security of university-owned and managed housing, Seven Gables is an older, two-story apartment building that has been renovated to include modern amenities while still maintaining its timeless charm. It is half a block away from a variety of restaurants on Figueroa Street and about two blocks from campus. Each studio apartment consists of a living/bedroom area and a private bathroom and kitchen. Residents of the two-bedroom unit share a kitchen, but each has a private bath, along with their own separate entrance. All units have a wall-mounted air conditioner. Permits for the gated parking lot next to the building are issued by USC Transportation. Contracts are for the full year (12-month).

Students can take advantage of the USC bus stop and onsite parking, with permits available through USC Transportation.

Campus Resources

USC's many dining locations, convenient parking and transportation, and on-campus stores meet housing residents' daily needs.

Dining

USC Hospitality provides an abundance of dining options, with something for almost every taste. Our goal is to provide a rewarding dining experience through nutrition, freshness and variety.

Undergraduate residents, wherever they are assigned, are required to purchase meal plans. These plans provide meals in the EVK, USC Village and Parkside dining halls which feature a buffet-style format with freshly prepared entrées, salad bar, pizza and sandwiches. Parkside dining hall's "trend-current" international cuisine is prepared in exhibition-style kitchens that allow guests to observe the culinary staff in action. Graduate students do not have mandatory meal plans, but may purchase a plan if they wish.

USC Hospitality also operates a variety of venues around campus where you can eat a full meal or grab a snack. A number of cafés in various schools throughout campus offer sandwiches, salads, snacks and specialty coffee beverages.

The Ronald Tutor Campus Center is a social gathering spot for the campus community and the largest dining location at USC. The food court area offers quick-service favorites such as The Habit (hamburgers and sandwiches), Verde (fresh Mexican food), Panda Express and California Pizza Kitchen. Serving freshly made sandwiches, salads and packaged foods, Seeds Marketplace is also located here along with concept eatery Lemonade.

USC Bookstore

The USC Bookstore provides the university community with the necessities of campus life, from books to Trojan t-shirts, snacks to school supplies. It's no surprise to find new and used course books, but there's also a wide selection of popular fiction, nonfiction and reference titles.

A complete line of USC items is available, along with apparel and beauty products. The CampUSConnect computer store sells hardware and software at an educational discount. Want something to drink while you read? The convenience store area has snacks, packaged food, drinks and sundries.

USCard

More than a student ID card, your USCard is a multipurpose passport to services and activities on the USC campus. It enables you to:

- Gain entry to your USC housing;
- Use USC libraries and computer centers;
- Access the Lyon Recreation Center and other recreational facilities;
- Track your meal plan usage; and
- Conveniently pay for campus purchases.

Transportation & Parking Services

USC Transportation Services is the key to your university parking and transportation needs.

Parking Permits

USC Transportation offers parking convenient to all University Park Campus housing facilities. A permit is required to park in any USC structure or lot. Spaces are limited, and they sell out every year, so apply for your permit early.

To purchase a permit, please visit the Transportation website at **transnet.usc.edu** and create an online Parking Account. Permits are issued by lottery for the entire academic year (fall and spring semesters). During the Parking Lottery Registration Period, log in to your account and click on "Add or Edit Parking Waitlists" to add yourself to waitlists for up to eight different lots, in descending order of preference. Registration periods are May 1 through May 15 for fall permits and November 1 through December 6 for spring permits. You will be notified by email after the registration period closes.

Your student fee bill will be charged once in the fall and again in the spring. If you need to cancel your permit for any reason, it must be returned to USC Transportation to avoid further charges.

Bus Service

University-owned buses operate seven days a week, from early in the morning until late in the evening, providing service to nearby apartments. Schedules are available online and in person from USC Transportation. Students, staff, faculty and university guests may use the buses free of charge.

Campus Cruiser/Lyft

The student-run Campus Cruiser/Lyft program provides a supplementary service to our buses and a safe ride home for students and staff during evening hours. This car service offers rides to locations within an approximate one-mile radius of the center of campus. Lyft provides additional free service when wait times exceed 15 minutes.

Parking Locations & Rates

Parking is available on the University Park Campus, at all university-owned apartments in the North University Park area and at the Grand Avenue Structure. A permit is required to park in any USC structure or lot.

Spaces are limited.

Please note: Information regarding parking permits and rates is accurate at the time of publication. Permits, conditions and pricing are subject to post-publication changes.

Permit	Location	Price
University Park Campus	On-campus parking structures	\$499.50 per semester
North University Park	Onsite lots at housing facilities north of Jefferson Blvd.	\$337.50 per semester
Grand Avenue Structure	East of University Park Campus. Bus service is available to and from campus every 15 minutes, Monday–Friday, 6:30 a.m.–11:00 p.m.	\$364.50 per semester
USC Shrine Structure	On Jefferson Blvd. near the Shrine Auditorium	\$499.50 per semester

Application & Assignments

USC Housing's online application is the fast and convenient way to apply for university housing. Visit housing.usc.edu to get started.

Registration

If you are a transferring undergraduate, you will not need to register on our portal. Your registration information will automatically be uploaded from the USC Admission Office.

If you are a new graduate student, you will need to register and create your USC Housing account before you can complete an application. Register by providing basic personal data, such as your full name, 10-digit USC ID number, birth date, gender, mailing address, phone number and email address.

Portal Login

Once admitted to USC, undergraduate students will receive an email from USC Housing within a week of admission with information about how to log in and apply. You will not be able to apply for housing prior to receiving this email. Once received, however, you may access our portal to submit your application.

Log in using your USC email address and then create a password. Once you are logged in, you can complete a housing application, create and edit your profile, search for roommates, and find out about your housing assignment.

Graduate students will not be emailed login information. They will be able to log in once they have registered on the portal and created a USC Housing account.

TIP Deadlines and dates are subject to change. Check the USC Housing website at housing.usc.edu for the most up-to-date housing and application information.

The Importance of Applying Early

Housing assignments for new graduate students and transferring undergraduates are made on a first-come, first-served basis. After class standing, the single most important factor in determining where you will be assigned is the date we receive your application. The earlier you apply, the greater the likelihood you will receive one of your building or room preferences. Only admitted students may apply, and it's a good idea to apply as soon as you are admitted and receive your login information.

USC Housing expects to receive 2021-2022 applications from newly admitted students beginning in March 2021. Most transfer students apply by early July and many graduate students apply as soon as they are admitted.

Please note: While USC guarantees housing for new freshmen (defined by USC Housing as recent high school graduates with no college credits) beginning in the fall semester, there is no guarantee for transferring undergraduate or new graduate students. Assignments for these students are based on application date and availability.

Applying by Mail-In Application

If you would prefer to submit a written application, please visit our website to download an application form. Complete the form and mail it to **USC Housing Services, 620 McCarthy Way, PSX 137, Los Angeles, CA 90089-1332**. (Please note that our roommate-matching process is available only to students who apply online.)

Your application date will be the date your application is received in our office—not the postmark date. Once we have made your housing assignment, we will notify you by email. There will be a \$55 mandatory application fee applied to your first billing statement.

Application

Transferring undergraduates and new graduate students may apply for housing once they have been admitted to the university and have been issued a 10-digit USC student identification number. You may submit a housing application before sending your Enrollment Commitment Deposit (transfers) or Intent to Enroll (graduates) form.

TERM SELECTION

To apply, open the application in our online portal and select the term for which you are applying.

Undergraduates should choose from the following:

- “Academic Year 2021-2022” for those starting in August 2021.
- “Spring 2022” for those starting in January 2022.

Graduates should choose from the following:

- “Graduate Academic Year 2021-2022” for buildings with an August 2021 to May 2022 contract.
- “Graduate Full-Year 2021-2022” for buildings with an August 2021 to July 2022 contract.
- “Spring 2022” for those starting in January 2022.
- “Law Housing 2021-2022” for first-year juris doctor students requesting the Law Program.

BEGIN APPLICATION

To start your application, click on “Continue” at the top of the page.

PERSONAL & CONTACT DETAILS

Provide us with basic information such as your class standing and emergency contact details.

SPECIFIC ACCOMMODATION REQUEST

Indicate whether you have any special physical or medical needs we should consider when making your assignment. (You must register with Disability Services if you require specific housing.)

PROFILE

In this section you will answer a series of questions about your personal living preferences, giving you the opportunity to participate in our roommate-matching process.

APPLICATION CATEGORY

Please select your category. Newly admitted students should choose “New to USC”. Students already attending USC but not living in university housing should select “Continuing Non-resident Student”.

LIST HOUSING PREFERENCES

List your housing preferences in order of interest. Please review the building descriptions in this brochure or on our website before entering your preferences. You can update your preferences up until the time assignments are made.

SPECIAL INTEREST HOUSING (Undergraduates Only)

You may also indicate a special interest program for which you would like to be considered. If you are requesting a special interest program, be certain to list the corresponding building as your first housing preference. Selection of some programs will require the completion of a supplemental application.

If you wish to be considered for our Gender Inclusive housing option, you can indicate that in this step.

SUPPLEMENTAL APPLICATION (Undergraduates Only)

If you have requested a housing program requiring a supplemental application, you may complete one here.

GENDER INCLUSIVE HOUSING (Undergraduates Only)

You may indicate if you are interested in Gender Inclusive housing here. A supplemental application will be required.

GRADUATE HOUSING PROGRAM (Graduates Only)

You may indicate one of our Graduate Housing Programs for which you would like to be considered (see page 17). Be sure to list the corresponding building as your first housing preference.

APPLICATION FEE

You will not need to pay the \$55 application fee at the time you apply. This fee will be charged to your university account with your August bill, once you have a housing contract. Please note that once charged, this fee is nonrefundable.

ROOMMATE SELECTION (Optional)

If you would like to request specific roommates, you can do so by creating a roommate group and adding those students to your application by entering their screen name(s) and/or 10-digit USC ID number(s). For your requests to be considered, they must be mutual, and the housing preferences for each roommate, including any special interest programs, must be exactly the same. Roommate requests cannot be guaranteed.

If you do not have a specific person in mind, you can conduct an online search for potential roommates and be presented with possible matches based on the information provided in your Profile.

CHANGING YOUR APPLICATION

You may change your housing preferences and add roommate requests up until the time assignments are made. For other changes, please contact the Housing Services Office.

Assignments

HOUSING ASSIGNMENT

Once you have been assigned a housing space, you will be notified by email. You can then log in to the Application portal on the Housing website to review your assignment.

We can offer housing assignments only to certified students. To be certified, transfer students need to have submitted their USC Enrollment Commitment Deposit form and the \$300 commitment deposit, or approved waiver, to the Office of Admission. New graduate students need to have submitted their Intent to Enroll form to the Office of Admission by the appropriate deadline.

The USC Housing Services Office makes assignments based on space availability and the following criteria:

- The date your application is received by USC Housing Services; and
- Available spaces in the buildings or programs you have requested and for which you are eligible.

Your assignment will be as close to your requests as possible based on availability and eligibility; however, there is a possibility that it may not match any of your building preferences.

(Please note that your room or apartment number is not guaranteed and is subject to change without notice.)

Important: We are unable to guarantee housing to transferring undergraduate or new graduate students.

Contracts

After reviewing your assignment, you will need to accept and confirm your contract to finalize your housing.

CONFIRMATION PAYMENT

You may submit your \$800 confirmation payment electronically by Visa, Mastercard, American Express or Discover Card. Half this fee will be credited to your account in the fall semester and the other half in the spring semester.

CONTRACT & FINISH

To confirm your assignment, first read through the Living Agreement. You must then click on the "I Agree" button to accept the terms and finalize your contract. *Clicking on the "I Agree" button is the electronic equivalent of signing a contract, and by doing so you are agreeing to be legally bound by the terms of the Living Agreement.*

Important: If you do not confirm your contract and make the confirmation payment by the due date indicated, your assignment will be cancelled and given to another applicant.

MEAL PLANS

If you are an undergraduate, the "Meal Plans" page will show the default, mandatory meal plan for your assignment. Visit the USCard website at mycard.usc.edu to add or change a meal plan.

Once you have accepted the contract, you will see a confirmation page summarizing the basic details of your housing assignment, including your current roommate(s). Please save a copy for your personal records

Reassignments

If you would like to change your assignment after receiving your contract, you may request a reassignment. To be eligible, you need to have confirmed your contract and made the \$800 confirmation payment prior to submitting your request. Reassignments are processed in two ways: by reassignment list and over the counter.

REASSIGNMENT LIST (Prior to Move-In)

To request an assignment change prior to move-in, please read the reassignment information on our website and submit your Reassignment Request online. Requests are placed on a reassignment list in the order received and processed based on eligibility, gender and space availability. We make every effort to complete requests, but reassignment is not guaranteed. If we are able to fulfill your request, you will be emailed confirmation that you have been reassigned. This will be your new housing assignment. Your previous assignment will be cancelled and offered to another student.

Reassignments are processed from late May through mid-July. On July 16, the Housing Services Office will cancel all unfulfilled requests. If your request is not fulfilled, you should move into your contracted housing assignment on your contract start date. No new requests will be accepted until the reassignment process re-opens in September.

OVER THE COUNTER (After Move-In)

Beginning Wednesday, September 8, reassignments may be requested over the counter at any CSC or at the main Housing Office. If a space that meets your housing needs and eligibility becomes available, you can be reassigned on the spot. There is no reassignment list during the academic year. Reassignments during the academic year are halted from mid-November to mid-January to facilitate the assignment of students arriving spring semester.

Cancellations

If you decide to cancel your application prior to being assigned, or to cancel your housing assignment prior to confirming your contract, print and complete the Cancellation Request form on our website and send it to USC Housing Services. The application or assignment will be cancelled. The \$55 application fee will not be refunded.

You are responsible for the terms of the contract once it has been confirmed. However, you may still submit a Cancellation Request to be released from your contract. If your cancellation is granted by June 4, you will receive a full refund of the contract confirmation payment. If your cancellation is granted after June 4, you will not be eligible for a refund of the \$800 contract confirmation payment, even if you decide to withdraw from the university. If your cancellation request is not granted, your contract will be in force and you will be held to its provisions.

You may request in writing to reactivate your application at any time during the same academic year without paying an additional fee or completing another application.

Contract Dates

Specific start and end dates are associated with university housing contracts. Once confirmed, the contract is in force for that time period.

All apartment buildings remain open for the full period of the contract term and may be continuously occupied by residents through the winter and spring breaks.

UNDERGRADUATE UNIVERSITY PARK & NORTH UNIVERSITY PARK HOUSING

Most housing contracts for these spaces begin on Wednesday, August 18, 2021, and end on Wednesday, May 11, 2022.

FAMILY HOUSING

Contracts begin on August 9, 2021, and end on July 31, 2022.

GRADUATE ACADEMIC YEAR

Nine-month contracts begin on August 9, 2021 and end on May 11, 2022.

GRADUATE FULL YEAR

Twelve-month contracts begin on August 9, 2021, and end on July 31, 2022.

LAW PROGRAM HOUSING

To accommodate the Law School calendar, contracts for Law Program Housing in Terrace (only) begin on August 16, 2021, and end on May 17, 2022.

OCCUPATIONAL THERAPY PROGRAM HOUSING

Contracts begin on August 9, 2021, and end on May 11, 2022. OT students with prerequisite summer classes can customize their housing stay by adding a summer housing contract for Centennial to their academic-year housing.

Requests for Early Arrival

Some departments and programs schedule activities before the university's official move-in dates of August 18 for undergraduates and August 9 for graduate students. To the extent possible, we work to accommodate residents who wish to check in to their housing assignments early for these activities. Early arrival requests must be received in writing from the department or academic program with which you are affiliated.

Residents may request early arrival on an individual basis. Because we must also plan for summer school student departures, summer conferences and other university summer programs, individual requests for early arrival may not be honored. Requests should be submitted by August 1 to the email address of the Customer Service Center for your housing assignment (see p. 33). Requests may not be made for arrival earlier than three days prior to the contract start date.

Customer Service Centers grant final approval of requests for early arrival, and will do so only if there is sufficient time to clean and prepare the room. You will receive an email response letting you know if your request can be accommodated. Incoming residents must call their Customer Service Center to verify early move-in approval before they leave home for USC.

If the early arrival request is approved, you will be charged \$75 for each night stayed prior to the first day of your housing contract. Residents who arrive without approval may be turned away. Those who can be accommodated will be charged a \$200-per-night fee.

Summer Housing

There is a separate application and assignment process for summer housing. More information about summer housing will be available in late March 2021. Please contact the USC Housing Services Office or your CSC about summer housing options and application information.

Housing for Spring 2022

Students admitted for the spring semester are welcome to submit a housing application. All the housing information and procedures presented in this brochure apply to spring applicants, except for the important differences noted below.

Availability

Spring housing assignments for transferring undergraduates, continuing non-resident undergraduates, and new and continuing graduate students will be made on a space-available basis.

Available housing for spring depends on: (1) the number of students admitted to USC for spring semester; and (2) the number of students who leave university housing during fall semester. Generally, university housing is filled to capacity at the beginning of fall semester. Only spaces that become vacant can be offered to students arriving in the spring. The availability of specific housing is difficult to predict, and it is often not possible to place applicants in their top preferences or with requested roommates.

Dates and the availability of listed housing accommodations, programs and services are subject to change based on local health authority restrictions and guidelines.

Application & Assignment

USC Housing will begin accepting spring 2022 applications on July 1, 2021. To be considered for spring housing, you must select the "Spring 2022" option when applying. Due to high demand and the uncertain supply of housing spaces, you should apply early for the best chance of receiving a housing assignment and the best selection of available spaces. We recommend that you apply online. If you mail your application, your application date is the date we receive your form in our office, not the postmark date. Any applications received earlier than July 1 will be grouped with those turned in on July 1.

Housing assignments for spring 2022 will be made based on application date, gender and availability. Students will be notified of their assignments by email in late November and directed to the USC Housing website to confirm their contracts.

Move-In Day for spring residents is January 6, 2022.
